Description:	<p>Update: The T+6 survey is being extended for one additional week and will now close by end of day on Friday, April 21, 2023.</p> <p>Purpose The purpose of this CIT is to notify Wave 2 Counties (Contra Costa, Santa Clara and Tulare) of the intent to distribute the Post Go-Live Change Readiness Survey.</p> <p>Background The Post Go-Live Change Readiness Survey is intended to assess county internalization and adoption of CalSAWS 6 weeks after go-live. The results will assist in driving the organizational change management (OCM) approach to improve communications and other resources for subsequent go-live waves. Only internal stakeholders from each county will be assessed in the surveys.</p> <p>The surveys will be sent directly to the internal stakeholders as provided by the Wave 2 Counties per CRFI 22-007. This survey will assess change metrics for "Reinforced Expectations."</p> <p>Additional Information</p>
--------------	--

One week prior to survey launch, an email from **Bri South** will inform Wave 2 PPOCs/RMs/IT staff of the survey testing process. This process involves sending a test survey link to PPOCs/RMs/IT staff and verifying each County is able to access the survey and that responses are recorded accurately.

A link to this survey will be distributed via email from **Bri South**, bsouth@deloitte.com to the list of stakeholders provided. We encourage each survey recipient to respond candidly and provide feedback that will support OCM engagement strategies and recommendations.

The survey will be distributed to users on Monday, April 3, 2023, and will close by end of day on Friday, April 21, 2023.

The poster published with this CIT has been designed to allow for convenient print and digital distribution through PDF. The intention of the poster is to provide simplistic, eye catching content to build staff awareness of the upcoming T+6 week Change Readiness Survey.

The following section lists the questions the OCM Project staff intend to ask CalWIN users in the survey.
