23.05.04	4-Apr-23	Defect	CA-255519	Reports		While reviewing the STAT 47 report that was generated on 1/6, issues were discovered with Part A Line 1 and 2. Month 2 had some discrepant people being counted who did not appear like they should be counted as new Work Registrant in November. In addition, some people were duplicated across the months. (2878 Work Registrants and 2669 ABAWDs in Month 3 were unexpected results (10 times higher than expected).	The issues with regards to the STAT 47 report have been fixed. Issue 1: Implemented code to handle duplicates and to populate the data only in the current quarter by fixing the report logic to filter the Work Registrant begin date in that particular quarter. Issue 2: As discussed with onshore we validated have validated for counties 19 and 57, based on this analysis issue is not reproducible and working as per design.	PRB0045168
