 Justification / Request Summary:
When CalSAWS generates generate the Veterans Benefits Verification and Referral (CW 5), the form does not have the full SSN. It only shows the last four digits of the SSN. The CW 5 does not have a spot for the aid code. The Veterans Services office needs full SSN to process the CW 5, and needs the aid code.
We believe CalSAWS should include the full SSN and the aid code when the CW 5 is generated.

Issue:
When CalSAWS generates generate the Veterans Benefits Verification and Referral (CW 5), the form does not have the full SSN. It only shows the last four digits of the SSN. The CW 5 does not have a spot for the aid code.

The Veterans Services office needs the full SSN to process the CW 5, and they need to know the aid code.

On 10-15-2021 CalSAWS ServiceNow tickets CS0036401 and INC0028593 were submitted to report this issue.

CalSAWS resolved the tickets as follows:

Incident INC0028593 has been updated to state - Resolved
Resolution Code - Not a System Error - With Explanation
Resolution Notes - Research Results:
As per the current CalSAWS functionality the Social security number will be masked on the CW 5 and only last 4 digits will be displayed.

Recommendation:

 CalSAWS includes the full SSN when it generates the CW 5, and it includes the aid code.
