### Topic

### Important Points

#### SCR Review

- CA-259279 Medi-Cal Intake Info Packet-Mailed by Central Print  
(Drafted from CER CA-257313)

- Propose that Central Print will automatically mail out the informational intake packets when a new application is submitted. It will include the forms required by the State.
- The design has not yet started. Additional questions will be answered once the design begins.

#### CER Review

- CA-259443 Admin Rights to Remove Distributed Documents (Riverside)

- The recommendation is to add a security group that will allow users to suppress and block from viewing the saved document that is erroneously saved in a wrong case. This will allow counties to promptly block the viewing of an erroneous document and avoid exposing PII on BenefitsCal.
- All regions vote yes to move forward.

#### CER Review

- CA-259776 Client Correspondence List Page Mapping for County Contact Number (Santa Clara)

- Request to have different county contact numbers for Medi-Cal renewal packets and CW/RCA/CF SAR-not received NOA.
- All regions vote yes to move forward.

#### CER Review

- CA-254954 Request to Generate MC Denial NOA for FTP Income Verification (Lake)

- Propose that CalSAWS should generate both a MC denial NOA and a CMSP denial NOA when an applicant fails to provide income verification.
- All regions vote yes to move forward.

(Optional Items)
