Environment

Purpose

The purpose of this guide is to provide instructions for accessing and requesting assistance for the CalSAWS Training Staging Environment and CalSAWS Training Production Environment. To log in to the CalSAWS Training Staging Environment, you will use your development CalSAWS credentials for access to CalSAWS development applications. For example, the CalSAWS UAT environment is an environment that uses CalSAWS credentials for access to CalSAWS development that uses CalSAWS credentials are **different** from your production CalSAWS credentials.

To log in to the CalSAWS Training Production Environment, you will use generic accounts provided to your County by your Regional Managers.

To log in to the Training Staging Environment, you will need to be given permission to access this environment either by the being on the initial load list, or by sending a Service Ticket through your County.

*Please note to request assistance for either the CalSAWS Training Staging or CalSAWS Training Production environment, please submit a ServiceNow ticket through your County Help Desk.

Here is a summary of development (non-production) CalSAWS credentials versus Production CalSAWS credentials:

Development (non-production) CalSAWS credentials applications/environments:

- CalSAWS UAT environment
- CalSAWS Training Staging environment

*Please note that Development (non-production) CalSAWS global page will be distinguished with a note on the screen that says: "Dev/Test" and the buttons will be displayed in **orange**.

User Name	Iame

If you don't have existing development (non-production) CalSAWS credentials, please see steps below on how to set up your development (non-production) CalSAWS credentials.

NOTE: If you have Development (non-production) CalSAWS credentials AND Production CalSAWS credentials, please note that those credentials are completely separate accounts. While you may have the same user name and password for both, updating one password will NOT update the other.

Part 1: How to access the CalSAWS Training Staging Environment

For CalSAWS users, access to the Training Staging Environment is available on all County workstations through County extranet. It is also available through App-Stream. Access to appstream (remote access) can be requested through your Regional Managers. The CalSAWS Training Staging Environment will be available to CalSAWS Counties on managed workstations in managed Counties and on all non-managed (PoP) County workstations.

To access the CalSAWS Training Staging Environment, you will need to log in to the Training Staging Environment using your CalSAWS credentials, upon first time login. To set up your development (non-production) CalSAWS credentials for the first time, follow the instructions below.

Important Notes:

- Please use your CalSAWS username and CalSAWS password when logging into the CalSAWS Training Staging Environment, if you are a first time user.
 IMPORTANT NOTE for CalSAWS Users: If you have forgotten your CalSAWS password or are unable to successfully log in, please reach out to your County Help Desk to reset your password.
- If you get a Server Error message, please clear your browser's cache and try login in again. If you continue to have issues, please reach out to your County Help Desk.
- After your development (non-production) CalSAWS credentials have been authenticated using the steps detailed below, your password will expire every 60 days. It is your responsibility to reset your password.
 - As the 60-day expiration date approaches, you will receive emails from support@calsaws.org to inform you that it is time to reset your password. This email will be sent at the following intervals: 15 days, 4 days, 3 days, 2 days, and 1 day before your password expires. To reset your password, follow either of the methods below:
 - 1. Check your inbox to retrieve a unique link to reset your password. Please follow the instructions in the email provided to reset your password.
 - 2. Reset your password by navigating directly to the password reset page <u>here</u>.

Once you reset your password, you will retain an active status in the CalSAWS system. However, you must update your CalSAWS password every 60 days for security purposes. You will receive an automated email alerts (at the same frequency as mentioned above) to remind you to reset your password.

CalSAWS Training Staging Environment Access

How to access the CalSAWS Training Staging Environment for the first time

Step	Action	Step-Action Image
1	Go to the <u>Training Staging</u> <u>Environment</u> using your preferred browser. Training Staging Environment link: <u>https://trainingstaging.calsa</u> <u>ws.net/</u>	CalSAWS
		DEV/TEST User Name
		C Remember my username
2	Enter your CalSAWS username (i.e., and click the LOG IN button.	CalSAWS
		DEV/TEST
		Cost Name

Step	Action	Step-Action Image
3	On the next page, enter your CalSAWS password and click the LOG IN button. If you have forgotten your password, please reach out to your County's Help Desk to reset your password.	
4	Accept the California – Terms and Conditions statement on the next page.	Cocossacossacos Cocossacos Cocossacos Cocos Cocos

Step	Action	Step-Action Image
5	Enter your individual County or CalSAWS email address on the Email Collection page and click the LOG IN button. You will be emailed a one- time password to validate your email address. Please note that the CalSAWS Project encourages you to enter your County provided email address in the Email Address field. Part 2: How to access the CalSAWS Training Production Environment

For CalSAWS users, access to the Training Production Environment is available through App-Stream, CalSAWS VPN and your County extranet. Access to app-stream (remote access) can be accessed through your Regional Managers. The CalSAWS Training Production Environment will be available to Counties on managed workstations in managed Counties. The CalSAWS Training Production Environment will be available to Counties on all non-managed (PoP) workstations.

To access the CalSAWS Training Production Environment, you will **not** be using your personal CalSAWS credentials. Instead, you will need to use a generic account provided to you by your Regional Managers. An example of a generic account is below:

Username: Alpine.User1

Password: alpineuser123!

Step	Action	Step-Action Image	
1	Access the CalSAWS Training Production Environment <u>here</u> . Training Production Environment Link: <u>https://training.calsaws.net/</u> IMPORTANT NOTE: Generic account are used to access the CalSAWS Training Production Environment. Please contact your Regional Manager for a Generic account.	<section-header><section-header><section-header><text></text></section-header></section-header></section-header>	

Step	Action	Step-Action Image
2	Enter your generic account username in the User Name field. Then click the LOG IN button. IMPORTANT NOTE: User name is case sensitive.	Ccasaass Urense De name Log In
3	Enter your generic account password on the next screen, then click the LOG IN button. IMPORTANT NOTE: Password is case sensitive.	Ccissass Enter password. If you have forgotten your password please reach out to county help desk to reset your password. Password LOG IN

Step	Action	Step-Action Image	
4	Click the Accept button.	CalSAWS
