Description:	**Purpose** The purpose of this CIT is to communicate reports/dashboards and Enhanced Data Reporting (EDR) availability in CalSAWS post Wave 4B cutover Go-Live event on Monday, July 03, 2023. **Background** After the conversion of Wave 4B (San Diego, San Mateo, Santa Cruz and, Solano) CalWIN data into CalSAWS, daily scheduled reports will take up to three (3) days to generate and be available for counties. The "On Request" reports will be refreshed with the latest data by 10 am on Wednesday, July 05, 2023. **Additional Information** The table below (CalSAWS Reports Available and When) highlights when Reports and Dashboards will be available in CalSAWS post Wave 4B cutover Go-Live event.

Additional notes:
- All **historical** (or previously generated) scheduled reports prior to June 30, 2023, for the 48 CalSAWS counties will be available on Monday, July 03, 2023, in CalSAWS.
- Wave 4B cutover data will have the data for Active cases and Closed cases within the last two years. Historical data (closed cases older than two (2) years) for Wave 4 counties would be available with subsequent cutover events.
- A separate CIT will be distributed for Reports and Dashboards' availability for Wave 4B cutover.
