Rush Warrants

Did you know, in CalSAWS, you can print same day warrants from CalSAWS within your County office?

CalSAWS Terminology Tip

"Warrant" is the CalSAWS term for a check

A "Rush Warrant" is a payment from CalSAWS that is issued locally (in the office)

When a rush warrant is needed, run EDBC, select **Rush** from the Immediacy drop list menu, and accept the EDBC results. CalSAWS creates the Issuance Record in **Ready for Issuance** status.

After CalSAWS creates the Issuance Record, the process to print the rush warrant begins.*

Use the **Print** button to print the warrant to the designated printer. Also print the Rush Issuance Confirmation Report and complete the report according to your County business process.

When an Issuance Record is in the **Ready for Issuance** status, the **Print** button displays on the **Issuance Detail** page

*__Note:__ Please follow your County business process when issuing Rush Warrants.
