Description: (Including any step-by-step instructions)	**Purpose (Identify what Counties this CIT affects)** The purpose of this CIT is to inform the counties that CalSAWS will void time limit tasks that were created erroneously. **Background** WDTIP made changes updating the CalWORKs Time Limit from 48 months to 60 Months. After the change, WDTIP sent transactions (RP06) still determining individuals had timed out at their 48th month on aid with a date of 00/0000 to CalSAWS. These transactions were received by CalSAWS and erroneously triggered the time limit tasks 'CalWORKs Recipient: CalWORKs Time Limit Exceeded' with 00/0000 as the date of 'the CalWORKs 60-month clock reached 60' in CalSAWS. WDTIP resolved the issue and no transactions as of the July 2023 Monthly Report Files will be affected. **Additional Information** SCR CA-263338 will void the time limit tasks that were erroneously created and are 'Assigned' or 'In-Process'. The affected Tasks originated from the "CalWORKs Recipient: CalWORKs Time Limit Exceeded" Automated Action with the appropriate Task Type as configured by each county on the Automated Action Detail page. CA-263338 is listed as 'release when ready' (RWR).

	County Action No county action needed.
