

California Statewide Automated Welfare System (CalSAWS)

County Purchase TL-03-2023 Tulare County – Additional Licensing for Customer Service Center Expansion (Quantity 140)

CalSAWS Consortium
Tulare County Purchase TL-03-2023

I. Overview:

Pursuant to Section 4.6 of Exhibit X (Maintenance and Operations (“M&O”) Extension) of the Amended Restated and Revised Leader Replacement System Agreement dated August 16, 2019 (the “Base Agreement”) between CalSAWS Consortium and Accenture LLP (“Accenture”), Tulare County (“County”) has requested to purchase new software to support 140 additional agents/workers at the County’s Customer Service Center (“CSC”), as further described in this County order form (the “County Purchase”). This County Purchase includes Software Charges for the licensing, as well as recurring Production Operations Charges for central support per named CSC agent/worker.

The scope of this County Purchase includes the following:

- Software Charges
 - (140) eGain Operational Analytics Named User License through June 30, 2025
 - (140) Calabrio ONE Product Suite Bundle - 12-month Subscription License with annual renewal
 - (140) Calabrio Advanced Bulk Contact Export – 12-month Subscription License with annual renewal
- Recurring Production Operations Charges
 - Central support per named CSC agent/worker

Assumptions:

- The charges set forth in Section III below (the “Total Charges”) are an estimate and are subject to changes at the time of ordering. The estimate includes taxes as appropriate. The final charges will be provided to the Consortium at the time of invoicing.
- The Consortium will retain ownership of all software licenses purchased under this County Purchase.
- Software Charges will be invoiced upon receipt of the software, as software will be electronically delivered by the software vendor.
- Accenture staff will be responsible for set-up and installation of the software on this order.
- The County will be responsible for configuration and set-up of agent/worker routing profiles in Amazon Connect for the 140 additional agents/workers.
- Accenture will work with the County to determine the schedule for deployment of the software following approval of this County Purchase.
 - Deployment of the software for the additional agents/workers will not align with the County’s go-live date on CalSAWS.
- No new workstations, monitors, keyboards, mice, headsets, or IP phones are included with this purchase, as the County will be providing such equipment from the County’s existing inventory.
- The County will be responsible for all facility setup, including, but not limited to furniture, electrical, HVAC, and data/electrical cabling.
- No technology or customer service training for the 140 additional named CSC agents/workers is included in the scope of this County Purchase, as the County will be responsible for providing such training. Training for the additional CSC agents/workers will be conducted per

CalSAWS Consortium
Tulare County Purchase TL-03-2023

the CalSAWS CSC Training Plan for the CalSAWS CSC Project under Schedule 15 (Statement of Work for CalSAWS Customer Service Center Project) to Exhibit X (CalSAWS M&O Extension).

- This County Purchase does not include any equipment for infrastructure upgrades. If the County requires additional network infrastructure equipment to support the 140 additional agents/workers, then a separate County Purchase will be required.
- It is assumed that the additional CSC agents/workers will connect to the CalSAWS CSC solution via the County network. As such, this County Purchase does not include any WAN Administration Charges required to support the additional 140 CSC agents/workers.
- The County will be responsible for monthly recurring Production Operations Charges for central support for the additional 140 CSC agents/workers, which are estimated to commence August 1, 2023 and continue through April 30, 2025.
 - These recurring Production Operations Charges will be invoiced monthly in arrears to the Consortium, who will, in turn, invoice the County.
 - Monthly recurring operations charges for central support of the CSC agents/workers are based on 140 named agents/workers.
 - Production Operations Charges will provide Level 3 support for the CalSAWS CSC solution, which includes:
 - Analyzing, investigating, diagnosing, and resolving tickets reported by the CalSAWS Project's Level 1 support staff, and
 - Working with CalSAWS Project's Level 1 support staff to coordinate the investigation and resolution of tickets.
- All eGain licenses are purchased with licensing and software support agreements from the date of purchase through June 30, 2025 (unless noted otherwise). Once these agreements have expired, the County will be responsible for funding any licensing and support renewals or refreshes via the execution of a separate County Purchase.
- All Calabrio licenses are purchased with one (1)-year licensing and software support agreements from the date of purchase (unless noted otherwise) with annual software renewals. Once these agreements have expired, the County will be responsible for funding any licensing and support renewals or refreshes via the execution of a separate County Purchase.
- The County must (1) approve this County Purchase and (2) provide the corresponding approved Advance Planning Document ("APD") from the Office of Systems Integration ("OSI") that supports this purchase by August 14, 2023 in order to proceed with this purchase. Otherwise, the estimates provided in this County Purchase will not be valid and a new County Purchase will be required.
