1 OVERVIEW

1.1 Current Design

When running a Homeless – Temp (HT) EDBC, a CalWORKs (CW) program needs to be Pending.

HT EDBC determines the Assistance Unit (AU) size independently and does not calculate the AU size based on CW information. All registered applicants for HT are included in the calculation.

1.2 Requests

When determining an apparently eligible household for HT, the HT AU size calculation will be updated to align with the CW AU and will not count in the AU size in HT.

In determining an apparently eligible AU for HT, the following persons are not included in the AU size:

- a. A non-citizen applicant who does not provide verification of their eligible non-citizen status; or
- b. A person with no eligible children who does not provide medical verification of pregnancy; or
- c. A person who is sanctioned.

The HT EDBC will run CW rules for status reasons that meet the above criteria.

1.3 Overview of Recommendations

1. The HT AU size calculation is determined based on the CW AU Size calculation.

1.4 Assumptions

1. This effort will not add or update any existing Threshold Languages available for NOAs.
2. This effort will not add or modify NOAs for Homeless Temporary NOAs.

2 RECOMMENDATIONS

2.1 Update HT EDBC AU Size Calculation
