

MAGI Determination Pending

Priority Level: 3

Programs Impacted: Medi-Cal

Background:

During the conversion cutover from CalWIN to CalSAWS, the system will run a Batch Eligibility Determination and Benefit Calculation (EDBC) job for all active CalWIN cases.

If the CalSAWS Batch EDBC results match the last saved CalWIN EDBC result, the system considers the benefits a **match** and the Batch EDBC is saved.

If the CalSAWS Batch EDBC does not match the last saved CalWIN EDBC result, the system considers the benefits a **mismatch**, the case is flagged with a Yellow Banner, and the Batch EDBC is not saved.

Regardless of the Batch EDBC run results, CalWIN Benefits will continue to roll forward uninterrupted until the next EDBC is saved and accepted in CalSAWS.

In addition to an EDBC Mismatch, a case with an active Medi-Cal program will be flagged with a Yellow Banner if the last CalWIN MAGI Determination Eligibility Response (DER) resulted in a Status of “Pending Eligible” for an applicant/beneficiary, which would cause the Batch EDBC run to provide a program Status Reason of “MAGI Determination Pending.”

To access a DER, users may navigate to the IAT Summary page, click the Initiated Date hyperlink for the last DER prior to conversion cutover, and review beneficiary Status on the MAGI Referral Detail page. Alternatively, users may navigate to the Batch EDBC run in the EDBC List page, click the hyperlink for the affected Medi-Cal program to navigate to the EDBC Summary page, and click the hyperlink for the Eligible Budget under the Medi-Cal Summary to review the results of the DER on the MAGI Determination Summary page, including the applicant/beneficiary Status that influenced that EDBC. Either of these pages will display a “Pending Eligible” status for impacted Medi-Cal programs.

In CalSAWS, the Batch EDBC run process will designate a Medi-Cal program as **Closed** if the program does not otherwise qualify to remain open and at least one applicant/beneficiary has a Status of “Pending Eligible” on the associated MAGI DER.

If an applicant/beneficiary’s Status is “Pending Eligible” in the corresponding MAGI DER and is identical in both CalWIN and CalSAWS, users will be required to review the data collection pages for accuracy and completeness, in addition to the Batch EDBC results to identify why that status may have been awarded before making an eligibility determination (e.g., missing income verifications).

These cases are identified in the **Conversion EDBC Case Review Report** as follows:

COUNTY_CODE	COUNTY_NAME	OFFICE_NUM_IDENTIF	OFFICE_NAME	WORKER_NUMBER	CASE_NUMBER	PROGRAM	MISMATCH_REASON	RE_DUE_DATE	PGM_STAT_RSN_CODE	PRIORITY	SSA_INCOME	SSI_SSP_OPA
00	Sample	00	1305 Sample	xxxxxxxxxx	xxxxxxx	Medi-Cal	MAGI Determination Pending	11/30/2022	MAGI Determination Pending	3		

Note: The examples provided in these guides do not represent every scenario that a user might encounter. The scenarios provided below are intended to direct users to the most impacted areas on the Yellow Banner report. A full and thorough review of each case must be conducted to ensure that all the information is entered as accurately as possible to allow for a correct determination to be made.

Example: The user will need to conduct a case review for this Medi-Cal Program with a Yellow Banner. This includes a review the DER/CalHEERS Referral, located on the IAT Summary page, and comparing it to the EDBC results converted over from CalWIN.

If the eligibility determination matches both in the DER and the EDBC results converted from CalWIN, the CalSAWS user can proceed to run EDBC. This action will confirm the eligibility of the individual(s) and remove the Yellow Banner. (Steps 1 – 17)

If the eligibility determination in the CalHEERS Referral does not match the EDBC results, the CalSAWS user will proceed to conduct a full case review and update the necessary data collection pages (e.g., Income, Tax Household, etc.). Once the required updates are made in CalSAWS, the user may proceed to run EDBC, accepting and saving the results after verifying that the determination is accurate. This action will confirm the eligibility of the individual(s) and remove the Yellow Banner.
