23.11	19-Nov-23	SCR	CA-209136	Eligibility	CalFresh, General Relief	Caroline Bui	All non-citizens with a Parolee type dropdown was displayed based on the document type and section code. Non-citizenship eligibility determination functionality did not differentiate between the Parolee types (except Ukrainian codes added through SCR CA-232960).	Relabeled 'Parolee - 1 year or less' to 'Parolee-Less than 1 year' and updated eligibility to determine non-citizens with a Parolee type of 'Parolee-Less than 1 year' to not be eligible to CalFresh. CalFresh eligibility was updated for non-citizens with 'SSI/SSP Recipient' to be eligible for state/federal CalFresh. Eligibility was updated for LA GA/GR and GA/GR Automated Solution counties for non-citizens with a Parolee type.	PRB0044017
23.11	19-Nov-23	SCR	CA-242532	Eligibility	REP, Welfare-to-Work/Gain	Gingko Luna	In LA county CW cases, the EDBC auto generation logic for WTW/REP work registration was not creating a new mandatory 'WTW' work registration record for the auto generated WTW program when a high-dated 'REP' work registration existed for a deregistered REP program. In non-LA county RCA cases, the logic was creating a 'REP' type work registration record for autogenerated 'WTW' programs. REP is an LA county only program.	The EDBC auto generation logic for WTW/REP work registration is updated to create a new mandatory 'WTW' work registration record for auto generated 'WTW' programs and end date the previous high dated mandatory 'REP' work registration (if one exists) for the deregistered REP program on CW cases in LA county. The logic is also updated to create mandatory work registration records with type of 'WTW' instead of 'REP' for RCA cases in non-LA counties.	
23.11	19-Nov-23	SCR	CA-235210	Eligibility	CalWORKs, Homeless Temp	Sarah Rich	System is not checking if individual participants from Temporary - Homeless Assistance (Temp-HA) program are eligible in CW program rather the system is checking if CW program is eligible as an AU which including the sanction and penalize individual. 23.11	19-Nov-23	SCR	CA-203392	Eligibility	Foster Care	Ignacio Lazaro	No option to select Out of State Short-Term Residential Therapeutic Program (OSS STRIP) as a placement type on the FC Resource Detail page (RDB).	The option of "Out of State STRIP" has been added so that users can distinguish OSS STRIP placement types from other placement types for the FC program.	
23.11	19-Nov-23	SCR	CA-228955	Eligibility	CalFresh	Caroline Bui	Educational income types 'Awards/Scholarships' (exempted for child dependents in CW program) and 'Student Grants, Loans - Non Needs Based' were treated as unearned income for both CW and CF program eligibility determination and benefit calculation (EDBC). CalSAWS functionality allowed the user to enter educational income expenses such as tuition, books and fees that are deducted from the combined non-exempt educational income total for the person, which did not include the 'Awards/Scholarships' income type. Furthermore, the educational expense types only allowed the user to specify one amount to be deducted from both CW and CF without any educational expense options to specify different amounts for CW and CF.	Two new educational expense types, 'School Expense - CF Exempt' and 'School Expense - CW Exempt', have been added to the Expense Detail page. The CW and CF educational expense rule has been updated to include income type 'Awards/Scholarships'. New logic has been added to deduct the new educational expense types for the applicable program.	
23.11	19-Nov-23	SCR	CA-234219	Eligibility	CalWORKs	Sarah Rich	When a mandatory household member fails to apply for UIB and a non-compliance record for failure to apply for Unconditionally Available Income - Apply/Accept UIB is entered, CW EDBC applies the 'Refused UIB' Status Reason to the applicable household member and the remaining household members are given a different status reason. Both the CW UIB Non-Cooperation Discontinuance and Denial notices do not have updated state provided verbiage. Additionally, because Refused UIB fails the CW program, the CW UIB Non-Cooperation Change notice is not triggered by EDBC.	Update CW EDBC to apply the "Refused UIB" status reason to all household members when a mandatory household member fails to apply for UIB and add the Program Status Reason of "Refused UIB" when failing CW. Update state provided verbiage on the CW UIB Non-Cooperation Discontinuance and Denial notices and remove the CW UIB Non-Cooperation Change notice.	PRB0041141
23.11	19-Nov-23	SCR	CA-256903	Eligibility	AAP, Foster Care, Kin-GAP	Ignacio Lazaro	Prior to Release 23.11, when a worker created a Manual EDBC and entered all the required data, CalSAWS would allow you to copy the data for up to five additional months but not beyond the come-up month. This helped workers from having to enter the required data for each month although not ALL of entered information would copy over and the worker still had to re-calculate and accept each Manual EDBC copy before saving them.	With this SCR, CalSAWS will update the Manual EDBC copy process to copy forward/pre-populate the additional information on Manual EDBC's for: Foster Care: Aid Code Info, Placement Type, Pay Code, Aid Payment, Kin-Gap: Aid Code Info, Aid Payment, Authorized Amt, Per Rate Structure, AAP: Aid Code Info, Placement Type, Aid Payment, Authorized Amt, Per Rate Structure.

23.11	19-Nov-23	SCR	CA-204132	Fiscal	CalFresh	Caroline Bui	When a regular benefit issuance is skipped for CF EDBC, supplemental benefit amounts for WINS and SUAS were issued for the benefit month from the skipped CF EDBC. If the reason for the skip issuance was resolved and EDBC is re-ran for the benefit month, the previously skipped EDBC were a Regular EDBC with Accepted and Saved run status due to having generated a WINS/SUAS issuance. As a result, CaSAWS created a duplicate regular CF benefit record, one for both the previously skipped EDBC and the current EDBC.	The issuance sweep jobs were updated so that WINS and SUAS issuances are not created if a regular CF issuance hasn't been generated from the EDBC for the effective month.	FRB0041588
