23.11.22	22-Nov-23	SCR	CA-251565	CalHEERS	Medi-Cal/MSP/CMSP	As part of the "Adult Expansion," individuals age 26-49 who are receiving restricted scope Medi-Cal need to be transitioned to full scope Medi-Cal. Additionally, CalSAWS Batch EDBC functionality allows Batch EDBC to automatically add a standard journal entry to cases processed by Batch EDBC, but there is no Batch EDBC Sweep Code for Adult Expansion one-time transition batch processing.	A one-time automated batch transitioned individuals aged 26-49 years old that are receiving restricted scope Medi-Cal to full scope Medi-Cal based on the transition Aid Code Crosswalk provided in ACWDL 23-08. An automated journal is posted to the transitioned cases and the Batch EDBC Sweep Code displays the Journal Long Description reason "Adult Expansion one-time transition batch".	
23.11.22	22-Nov-23	SCR	CA-270861	CalHEERS	Medi-Cal/MSP/CMSP	MEDS Renewal Date for November is 11/20/2023; however, the 10-day policy cutoff date for November is 11/20/2023. CalSAWS does not allow Discontinuances on or after the MEDS renewal date because MEDS will not allow it, so programs/individuals were set to 'Ineligible' instead of 'Discontinued' when EDBC was run on 11/20/2023 for 12/2023 benefit month.	A list of cases has been created where Medi-Cal EDBC was run on 11/20/2023 for 12/2023 benefit month and resulted in at least one individual with 'Ineligible' status. Workers can utilize this list to discontinue these individuals effective 01/2024 benefit month, if appropriate.	
23.11.22	22-Nov-23	SCR	CA-251569	Client Correspondence	Medi-Cal/MSP/CMSP	When an individual aged 26-49 meets all other eligibility criteria but do not have satisfactory citizenship or immigration status, CalSAWS generates corresponding restricted scope MAGI and Non-MAGI Notice of Action (NOAs) that explain the approval or change of Medi-Cal eligibility to the individual.	Individuals aged 26-49 that do not have satisfactory citizenship or immigration status are eligible to full scope Medi-Cal if they meet all other eligibility criteria. Notice of Actions are updated reflecting full scope eligibility for individuals that do not have satisfactory citizenship or immigration status, but that meet all other Medi-Cal eligibility requirements.
