24.03	24-Mar-24	SCR	CA-269344	Batch/Interfaces	CalFresh, CalWORKs	Caroline Bui	The CW and CF RE Discontinuation batch jobs pick up cases where the RE packet status is in Reviewed - Ready to run ED&C. These RE batch jobs run monthly on the last calendar day of the month for all CoSAWS Counties. In a scenario where both CW and CF REs are due and 2 separate RE packets are sent (i.e., CWCF RE Packet and CF RE Packet), the CF RE batch job did not pick up the CF program since there was a condition to not pick a record when the CW RE Disc job already picked up the case.	The trigger condition for the CF RE Discontinuation batch job has been updated to pick up CF program when there is a separate entry for CW and CF.	
24.03	24-Mar-24	SCR	CA-239577	BenefitsCal	CalWORKs, Diversion, Homeless Perm, Homeless Temp, RCA/RMA	Dymas Pena	CoSAWS did not automatically trigger a task to let the worker know the customer made inquiry on their Time Clocks through their BenefitsCal account.	CoSAWS generates a task to let the worker know the customer has made an inquiry about their Time Clocks through their BenefitsCal account.	
24.03	24-Mar-24	SCR	CA-253426	BenefitsCal	AAP, CalFresh, CalLearn, CalWORKs, CAPI, Disaster CalFresh, GA - Managed, General Relief, GROW, Homeless Perm, Homeless Temp, Immediate Need, Kin-GAP, RCA/RMA, Refugee, REP, Welfare-to-Work/Gain	Dymas Pena	There was no supported Application Programming Interface (API) to allow CoSAWS to receive and store a customer's EBT 2259/EBT 2259A information. CoSAWS did not have an online feature to view, create, or edit a customer's EBT 2259 in the System.	The EBT theft pages are available to CoSAWS users to add, view, and edit a the EBT 2259 and/or EBT 2259A form when received via the customer's Self-Service Portal account or by other channels of form submission (i.e. in-person, mail-in, document upload). The Forms API generates the EBT 2259/EBT 2259A form in the Imaging Solution.	
24.03	24-Mar-24	SCR	CA-266899	CalFresh	CalFresh	Claudia Pinto	CalFresh Replacements due to electronic theft did not have a pay code for counties to identify. The EBT benefit type is not visible to the user on the front end of CoSAWS but were issued as TSP Food benefit.	CalFresh Replacements are issued with new Food benefit type of RPSNAP so this benefit type can now be selected from the dropdown when processing Repayments. Pay Code 1F will now display on issuance detail, Fiscal History and therefore available to display on reports and auditor controller files for counties to differentiate these replacement payments from regular CalFresh supplements.	
24.03	24-Mar-24	SCR	CA-270753	CalHEERS	Medi-Cal/MSP/CMSP	Elisa Miller	The Child Welfare Services Requested Medi-Cal Types do not all set the Adult/Child indicator to child if the parent is not in the case. 24.03	24-Mar-24	SCR	CA-217940	CalHEERS	Medi-Cal/MSP/CMSP	Maggie Orazzo-Vega	The automated Medi-Cal renewal processes treats incarcerated individuals the same as any other active member on the program; they are included in the MC RE Packet and go through the same renewal process. Medi-Cal EDBC rules do not have any protections to prevent an incarcerated individual from being discontinued from Medi-Cal for not returning their MC RE Packet.	The batch process that sends out MAGI, Non-MAGI, and Mixed Household RE packets excludes a program from receiving a packet if all active members receiving MAGI or Non-MAGI aid codes are incarcerated. A new batch job auto-renews Medi-Cal programs where all active members are on a Non-MAGI aid code and incarcerated. A new batch job (Non-MAGI only) takes negative action for Failed to Complete Redetermination at an individual level for programs that have at least one active member that is incarcerated; the incarcerated individual is auto renewed.

24.03	24-Mar-24	SCR	CA-246823	Eligibility	CalFresh	Norma Meza	For CalFresh (CF) households, EDBC budget determination counted the following child support income as unearned income: 1) Child Support – Disregard, 2) Child Support – Excess, 3) Child Support – Through LISA, and 4) Child Support – Direct. Exception: 'Child Support – Direct' income was treated as exempt income for non-K1/3F CalFresh households with any of the following 'Household Category' (considered as public assistance households): a) PACF CalWORKS-Only, b) PACF Tribal TANF-Only, c) PACF SSI/SP-Only, d) PACF CA/GR-Only, and e) PACF Multiple. CalFresh EDBC looked for CalFresh aid code to determine the 'Child Support – Direct' income exception mentioned above. With the implementation of SCR CA-227344 (Update CalSAWS to set CalFresh Aid Code for Non-Public Assisted Households), CalWORKS (CW) AIs with K1/3F aid codes were not determined to be K1/3F CalFresh Households since all CalFresh members are not active members on CalWORKS program. For CW/CF combo cases, the person with Child Support – Direct income and no Child Support – Disregard income who was active on CalWORKS program where the aid code is not 'K1' or '3F'. The standard child support disregard applied in CW EDBC was used as Unearned Income in CF EDBC.	CalFresh EDBC logic has been updated to not exempt 'Child Support – Direct' income when the person with income is active on CalWORKS program with aid code 'K1' or '3F'.	
24.03	24-Mar-24	SCR	CA-244312	Eligibility	CalFresh	Caroline Bui	The system considered an ABAWD as a CalFresh recipient, age 18 through 49, who is able-bodied without dependent children and does not meet the criteria for an exemption from the ABAWD time limit. ABAWD Status was determined and tracked in CalSAWS for CalFresh individuals. This status was created and updated through both CalFresh EDBC and a separate batch process which determined a monthly status based on ABAWD criteria and work registration exemptions. When there was a change that impacted the ABAWD determination, if the worker did not run EDBC right away, the changes to the ABAWD determination would be processed by the ABAWD Determination Cyclic batch job. The ABAWD changes would be available to be viewed after the batch run. The Time Limits page tracked ABAWD time limits for each person subject to the ABAWD time limit. A daily batch job synchronized the ABAWD Time Limit Month based on the ABAWD Status.	The ABAWD age limit requirements has been updated to gradually increase the age of individuals who qualify for ABAWD exemption as follows: a. Effective September 1, 2023, the age limit for ABAWD exemption has been increased to age 51 and older. b. Effective October 1, 2023, the age limit for ABAWD exemption has been increased to age 53 and older. c. Effective October 1, 2024, the age limit for ABAWD exemption has been increased to age 55 and older. In addition, the individuals who meet the following criteria will be Exempt from ABAWD work requirements: individuals who are homeless, Veterans, and Foster Youth individuals aged 24 or younger and were in Foster Care on their 18th birthday. ABAWD notices which referenced the age 50 have been updated with the appropriate age. The ABAWD Sweep Job trigger conditions have been updated to trigger the age, Veteran, and Foster Youth. A new Task has been created to prompt the Worker to assess an 18-year-old individual for exemptions. A journal entry will be created when an ABAWD determination is processed by batch ABAWD job and there has been a change to the ABAWD status or status reason.
