Description:	**Purpose** The purpose of this CIT is to notify counties of login procedure updates to Amazon Web Services Single Sign-On (AWS SSO). **Background** Starting 1/29/2022, users accessing CalSAWS AWS accounts were required to sign-in using their CalSAWS credentials. Due to recent login procedure updates, the sign-in procedure for AWS SSO accounts has been updated to use separate credentials to CalSAWS. Please follow the steps outlined in the attached document to reset AWS SSO password to access AWS services. **County Action** Please distribute this CIT to your county staff as necessary.
