Topic

Lead

- **CA-263245** Update FC "Not in County" NOA Trigger: Was rejected, want to confirm we truly want to reject. Tiffany/Mohammad Dabbagh
- SCR CA-255940 NSF for school attendance-to come back to committee=sched for 24.07
- SCR CA-52226 has to wait until implementation of a new form and will come back to county for approval. Sched for 24.11 but will try for 24.07
- SCR CA-262222 Batch for KG turning age 18: schedule for 24.09

CER's

- **CER CA-272166- Batch Job for Youth Aging Out of AAP/FC/KG (Santa Clara)** Ignacio Lazaro
 Any interest from counties:
 No batch for youth ineligible for Extended Benefits; they want to opt in to LA's batch for AAP and extend it to FC and KG (see 262222, but they also want age 21-might expand this SCR, but that might push it out).

CER CA-272606- THP Plus program: After reviewing this CER, it was suggested to add this with SCR CA 251771, as that SCR should take care of this concern by opening a new type of program for both H Plus and Wrap. Regions voted and approved integrating the information from this CER into SCR CA 251771. This CER 272606 REJECTED

- **CER CA-268948- Foster Care Payments for Invoiced Facilities (San Diego)** San Diego has an "invoicing" process (voucher/reporting).LA suggested they look at their voucher model, which only holds EDBC related payments, not those issued through Service Arrangement or Auxiliary Issuance. San Diego would like to go back and see if they want to opt in to LA's voucher system before they can determine whether to move forward with this CER or not. CER on hold until

after demos by LA for San Diego and other interested counties can be done so they can determine if they want to opt in.

FC Client Correspondence Review (standing action item)

- **SCR CA**- none today other than above

Tiffany

Open Region Discussion Open for ALL Counties

- Question as to how to get workload reports to include dates of birth. Will have to go to the Management Reports Committee.
- Question as to PRUCOL: There is a defect that prevents the right aid code. The SCR will release at the end of March. CA 249550.
- Question as to NOA 290-can we all use it? It is being added to the Template Repository, but it auto-generates based on case action.

As a note, the SCR Priorities have not yet all been received, so will be sent out by email once all the information is in. The Top Five (Top Three for Correspondence) will automatically be determined based on what the Regions sent in. If any Region has still not yet submitted, they should get it in now.
