

Attachment 10 includes a separate form (Excel file) for each Key Staff position and contains two (2) parts that must be completed for each proposed candidate:

**Part 1 - Resume Tab**

**Instructions:** Include a Resume for all proposed Key Staff. The template prescribes the required content that must be submitted with Proposals in response to the RFP. This format should also be used by the successful Contractor for the duration of the Agreement.

**Key Staff Background:** Provide Contractor name, Key Staff name, Role of Key Staff within the Contractor organization, duration (in years) in that Role and a description of the Key Staff's role within the organization,

**Key Skills:** Provide a summary of all skills and qualifications the proposed Key Staff candidate possesses in support of the Key Staff position.

**Education/Certifications:** Provide education and any relevant certifications. Start with the most recent.

**Relevant Experience:** This section is optional. For any projects not cited within Part 2, contractors may provide additional projects that illustrate experience or background to support their Key Staff candidate. Start with the most recent experience and add as many rows as necessary.

**Part 2 - Key Staff Minimum Qualification Tabs (\$3 - \$7)**

**Instructions:** Complete the Staff project qualifications portion on each of the tabs of the form (all fields with a white background). All fields on the form must be completed, providing sufficient information to allow the Consortium to validate that the proposed Staff person meets the Minimum Qualifications (MQs).

For each Project, identify the name of the Project, Project/Project Role details, Description of the relevant Project Experience, and Project Contact information.

**Project/Project Role details:** Provide the Contractor name, Project start and end dates, percentage of time on the Project (100%, 50%, etc.), and name of Role on the project.

**Description of Relevant Experience:** Provide a description that includes sufficient detail to verify that the Key Staff role/experience on the project is relevant to the MQ definition.

**Contact Information:** Provide the name, company/org name, role, email and phone number of a Client/Customer contact for this project. Contact Information must be provided for a Project to be considered valid.

A full-time equivalent (FTE) is estimated to be approximately 1,920 hours annually. Proposed Staff may not cite full-time experience gained working simultaneously on multiple Projects.

If more than six (6) Projects must be cited in order to satisfy the MQ, insert the additional Project and Contact Information and a corresponding new summary table row.

Do not enter any data into the summary section of the tab. All summary table data will be populated from the Project details provided.

If a Project's start and/or end date is prior to the start time of the MQ or a Project does not comply with a specified Project detail, the form provides some basic "error" messaging. This messaging is informational. Contractors are responsible for the accuracy of their submissions and alignment of each Project with the details of the Minimum Qualifications (MQs).

## BENEFITS-CAL PROJECT MANAGER

### PART 1 – RESUME

<b>Contractor</b>	Deloitte Consulting LLP	<b>Candidate Name</b>	Onur Senman
<b>Position in the Company</b>	Senior Manager	<b>Length of Time in Position</b>	72 months
<b>Project Position &amp; Responsibilities</b>	<p>As the project manager, Onur is responsible for overseeing the entire BenefitsCal service scope, confirming that all tasks, services, and deliverables are developed and delivered on time with the highest quality, and align with the approved BenefitsCal work schedule. He leads the coordination between Deloitte and client team stakeholders to facilitate the delivery of superior technical solutions. Onur also manages project and talent staffing, including contractors, making sure everyone is aligned with the broader objectives of working together with the Consortium and its Delivery Integration Team, along with counties, state stakeholders, and clients. He is actively involved with the Delivery Integration (DI) Team in updating and implementing plans and processes that manage the collaboration of multiple contractors in the CalSAWS project. Onur is tasked with providing executive-level reports and communications to various senior management groups such as the Consortium management, the executive director, and the Joint Powers Authority (JPA) board of directors, among others. He prepares special reports and presentations pertinent to the project and collaborates with the Consortium Program Management Office (PMO) to handle escalated issues, including contractual matters and risk mitigation. He also introduces value-adding technology options and innovations.</p>		
<b>Skills &amp; Qualifications for Project Position</b>	<p>Onur exceeds all skills, qualifications, and requirements for this project position. He has over 16 years of experience managing SDLC IT projects in Arkansas, Georgia, Montana, Oregon, and California. In California, he has served as the project manager of BenefitsCal since May 2022; before this, he was the functional manager from February 2021. He is deeply familiar with the BenefitsCal solution. He has led the development of deliverables on IT projects, directly supervising project management knowledge areas including scope, time, cost, human resources, risk, quality, integration, and communication. He has supervised teams of 25 people or greater, including on BenefitsCal, and has built and maintained strong working relationships with clients and key internal and external stakeholders. He has conveyed information to executive audiences, ensured clients were aware of statuses, and established credible business-partnering relationships. He holds a valid Project Management Institute® (PMI) Project Management Professional (PMP) certification.</p>
