6.2 Appendix B – Risks and Issues Summary

Project Risks and Issues

ID	Title	Details	Status	Risk Level	Severity	Date Logged
246	Perceived Gap in Functionality	<p>A perceived gap in functionality between GetCalFresh and BenefitsCal was identified. Select features identified within GetCalFresh are not present within BenefitsCal as they are not part of the project requirements, and change requests were logged to address. Impacts BenefitsCal adoption by Community Partners may be lower as they rely on features (like the referral code) to complete their work. The policy as written may create customer information privacy/security, safeguard and county operations concerns, and liabilities. As the policy was released after the completion of ROI design, development, and testing of the functionality in BenefitsCal and CalSAWS, counties have not had sufficient time to assess the ROI functionality with the high-level policy and to be able to determine impacts to their county operations and the associated alignment with the existing BenefitsCal/CalSAWS design. The policy as written does not give clear direction on County responsibilities associated with the establishment of CBO agreements, provisions of those agreements and monitoring of CBO compliance with the agreements.
