Design Overview

- CA-253124 Validate E-mail Addresses Added into CalSAWS

- This SCR will update CalSAWS to validate that an email address added to the CalSAWS Resource Detail or Staff Detail page is a valid address. This applies only to staff primary email and resource email types.
- New notification on the Home page requesting they verify their email address if the logged in Users email address has not been verified yet. Once the e-mail address is verified, the notification is no longer available until there has been a change in email address for that logged in user.
- No impact to users if email address is not verified at this time. Phase 2 SCR will impact auto generation of emails to verified email addresses.
- Scheduled for R24.11
- Design Document to be sent to the Committee for vote this week.
