24.08.29	29-Aug-24	SCR	CA-202347	BenefitsCal	CalFresh, CalWORKs, Disaster CalFresh, GA - Managed, GROW, Medi-Cal/MSP/CMSP, Welfare-to-Work/Gain	When an e-Application was received, workers would validate the e-data on the CalSAWS detail pages. Workers then ran EDBC for the programs the Customer applied for and save and accept the results. The e-Application remained in "Data transferred" status unless the Worker manually updated the status to "Transferred to System".	When all the programs on an e-Application are processed by the Worker, a new batch process automatically updates the e-Application status to "Transferred to System". An auto-journal is created for each of the affected cases.		A DCR was run to update the existing e-Applications where the status is "Data Transferred" and EDBC was Accepted and Saved. Lists of cases were provided to the counties.	No County Action Needed

24.08.29	29-Aug-24	Defect	CA-280175	Reports		The Total Renewals Processed in Due Month is populating data General Relief.	For the issue mentioned in the defect related to General Relief Program, As confirmed by BA, the design specifies that data should not be populated for General Relief in the 'Total Renewals Processed in Due Month' section for any line item. Please find the email confirmation attached in Jira for reference. There was a Visualization fix needed to correct the data being displayed in the tables. Post discussion to address the incorrect data issue, we have added a condition to restrict the data for the General Relief program. This condition ensures that no data is displayed for records where the Program code is 'GA' in the specified section. The above fix has ensured that the dashboard displays the correct data for the selected Program in the corresponding table.	PR80049563		No County Action Needed
