**Current Design:** If the county has turned on the Automated Action on the MEDS Alert Admin Page for MEDS alerts 2130, 9003 and 9004 then PI07C4321 will populate the Household status and Decease Date on Individual Demographics and the PB00E148 will run EBDC on the case to fail the individual from all programs. These two jobs run for all 58 counties.

**Request:** Update the Automated Action for MEDS alerts 2130, 9003 and 9004 to not populate the Household status and the Decease Date on Individual Demographics if the individual is on CalWORKs and/or CalFresh.

**Recommendation:** Update the Automated Action for MEDS alerts 2130, 9003 and 9004 to not populate the Household status and Decease Date on Individual Demographics if the individual is on CalWORKs and/or CalFresh.
