- **Juliet SF- question about getting reports out of CalSAWS. How do you get reports for caseloads and worker alerts etc.?** Ignacio suggests doing a CER for a specific report, but first reach out to your PPOC representative to see what reports they do have access to.
- **Paula P- issues with RDB's being updated by other counties:**

Laura stated there is a protocol that you are supposed to contact the county using the case before you make any changes. Protocol shared with Regions.

- **Odiah Odiye- Is there a way to search by county in the RDB?**
You can narrow it down with the "carrots" on the top of the list but it does not search by county.
- **Erika Cordova- is there any meeting on clothing allowance?**
It already has a batch schedule and will run on the information that your county provided. Deanna Rotert said reach out if you need further assistance.
- **Anthony YOLO- Does the permanency court order section have to be updated?** Yes, this has to be updated every 12 months (a federal rule) stating that the 3 court order findings are made annually. Otherwise, the case with flip to non-fed once EDBC is run.
- **Chris Bass Placer- is there a way to mass print the AAP NOA's since the SW have to have a physical copy in their file?** Unfortunately, there is no automation for that. You would have to do that manually.
