

Release #	Release Date	Item Type	Item Number	Functional Area	Programs Impacted	Original Behavior	New Behavior	Ticket Number	Additional Information	County Action
24.12.05	5-Dec-24	SCR	CA-270651	Eligibility	CalFresh	The statewide minimum wage was \$16.00, as of 01/01/2024.	The statewide minimum wage has been updated to \$16.50 effective January 1, 2025.			No County Action Needed
24.12.05	5-Dec-24	SCR	CA-284539	Fiscal	N/A	A received DOB of 00000000 would result in java inserting a date of 11/30/0002 as the DOB. The P119F426 batch job would read this value and fail due to an invalid date	Updated logic to insert a highdate value 12/1/9999 when a 00000000 or blank DOB was received in the file to prevent the P119F426 batch job from failing when ran			No County Action Needed
24.12.05	5-Dec-24	SCR	CA-279422	Medi-Cal/CalHEERS	Medi-Cal/MSP/CMSP	The CalSAWS system has the functionality to determine which individuals are included in a MAGI request. Additionally, CalSAWS automatically assigns the appropriate value for the "Applying for Health Coverage" indicator based on Medi-Cal program and application information, communication history with CalHEERS, tax household records, and Customer Options data. Since Customer Option records are associated at the person level, they are considered across all CalSAWS cases for each individual. With Customer Option records being associated at the person-level, users leveraging the Customer Option records to change who is included in a MAGI Request and the Applying for Health Coverage indicator may impact the same individual on a different CalSAWS Case.	A new MAGI Configuration List Page has been created, which includes the Applying for Health Coverage option of the case level, allowing users to select either "Yes" or "No." The option of Applying for Health Coverage has been removed from the Customer Options Detail page. CalSAWS will perform a one-time data change to convert Customer Options records Applying for Health Coverage into MAGI Configuration records Applying for Health Coverage.			No County Action Needed
24.12.05	5-Dec-24	SCR	CA-259984	Medi-Cal/CalHEERS	Medi-Cal/MSP/CMSP	CalSAWS grants MSP (Medicare Savings Program) eligibility with aid code 80/8C to qualified QMB/SLMB individuals with Type of Assistance 'SSI only' or 'SSI/SSP' from the Other Program Assistance Detail page.	Medi-Cal EDBC rules will deny MSP (Medicare Savings Program) eligibility to identified QMB/SLMB individuals with SSI/SSP effective January 01, 2025. Create a one-time process to run Batch EDBC for identified QMB/SLMB individuals with SSI/SSP record to discontinue effective January 01, 2025.			Review List
24.12.05	5-Dec-24	Defect	CA-285226	Eligibility		FC EDBC will not authorize benefits in a month where there is a change of payee mid-month.	FC EDBC will now be able to authorize benefits in a month where there is a change of payee mid-month.	PR80050510		Review List
24.12.05	5-Dec-24	Defect	CA-283171	Reports		Some cases are missing and some are getting the wrong Determination type. Additionally, tab CMS11 should not be named "CMS11 a" when there not enough records to overflow to a "CMS11 b" tab. When there is only one CMS11 tab, name should be CMS11.	After code fix to filter county specific data before the calculations, the report is showing the missing cases and correctly determining the determination type.			No County Action Needed
24.12.05	5-Dec-24	Defect	CA-281646	Reports		The Authorizing Worker ID column in the TEMP 2035 and TEMP 2313 reports needs to be updated to pick the authorizing worker ID of the worker that authorized the EBT Theft replacement benefits and not the last Worker ID that ran EDBC on the case.	Fix has been made to pull the worker ID of issuance sheet, when the Issuance status is ready for issuance.	PR80049856		No County Action Needed
24.12.05	5-Dec-24	Defect	CA-284698	Reports		Monthly HMIS Payment Report is showing no results since Feb 2024	Frequency code changed from "DY" to "MO" and the database name changed in RDS.	PR80050397		No County Action Needed
