Justification / Request Summary:

Issue:

When a CalFresh case includes income that is received under **Category:** IHSS and **Type:** Wages- Caregiver for Spouse/Minor, the income does not calculate and update to Work Registration as Exempt when the wages/hours meet the Federal minimum. Instead, the Work Registration shows the status as Mandatory.

Proposed Recommendation:

Update the Income Detail to recognize that **Category:** IHSS and **Type:** Wages- Caregiver for Spouse/Minor should calculate the income and hours against the Federal Minimum for work requirements. This would create an automated process driven by EDBC instead of the worker being required to review the Work Registration page and manually update it to reflect the correct status.
