Justification / Request Summary

Issues

Currently, there is no report in CalSAWS that can be used to monitor and analyze recidivism patterns in the START caseload.

Proposed Recommendation

Add a new report into CalSAWS called the START Recidivism report.

1. The START Recidivism Report should generate monthly and be accessible at: CalSAWS > Reports > Scheduled >

CalSAWS | Enhancement Request (CER)

Employment Services.

2. The report will have two sheets. The first sheet will be a detailed case listing. The second sheet will be a summary of the detailed listing.

3. The population of the START Recidivism Report should include GROW participants who were deregistered from GROW within the 12 months prior to the report run month.

4. For each participant captured on the report, the detailed case listing should provide the following data elements:

- a. Deregistration Month,
- b. Case Number,
- c. First Name,
- d. Last Name,
- e. Gender,
- f. Age,
- g. Homeless,
- h. Group Ethnicity,
- i. Spoken Language,
- j. Written Language,
- k. Last Activity Assigned,
- l. Activity Provider,
- m. Activity Start Date,
- n. Activity Status,
- o. Activity Status Reason.
- p. Last START Office Number,
- q. Last START Office,
- r. START Deregistration Date,
- s. START Deregistration Reason,
- t. Last General Relief Discontinuance Reason,
- u. New START Re Enrollment Date,
- v. Returned After 1 to 30 Days,
- w. Returned After 31 to 60 Days,
- x. Returned After 61 to 90 Days,
- y. Returned After 91 to 180 Days,
- z. Returned After 181 Days,
- aa. Re Enrollment START Office Number,
- bb. Re Enrollment START Office,

Note: If the participant never re-enrolled, columns U onwards will be blank.

5. The Summary sheet will have one row for each of the twelve months captured on the report. Each of the twelve rows will enumerate how many deregistrations occurred in the given month and the percentage of those deregistrations that subsequently re-enrolled. Each of the twelve rows will also enumerate the count of deregistrations that re-enrolled each of the subsequent months (see sample attached).
