25.01	26-Jan	SCR	CA-281479	Batch/Interfaces	Medi-Cal/MSP/CMSP	Laura Alba	Spousal Impoverishment (SI) provisions is a financial methodology budgeting for certain applicants/beneficiaries to help Home and Community-Based Services (HCBS) spouses retain more income. CalSAWS has no identifiers for new Home and Community-Based Services (HCBS) waiver individuals.	Based on a monthly list provided by the Department of Health Care Services (DHCS), a case flag and automated task was created to alert the County Eligibility Workers (CEWs) when an individual is on the waiver list so they can screen potentially eligible SI individuals at annual renewal. 25.01	26-Jan	SCR	CA-264217	Eligibility	CalFresh, CalWORKs, RCA/RMA	Norma Meza	When a user processes a CW/CF/RCA SAR 7 or a CW/CF RE after the 10-day NOA cut-off in the SAR 7 or RE due month and the result is a negative change, CalSAWS creates a Read-Only EDBC for that month and does not apply the change. When a user processes a CW/CF/RCA SAR7 or a CW/CF RE in the month after the report was due and it results in a negative change, CalSAWS does not create a Read-Only EDBC for that month. A Regular EDBC is created that applies the negative change even though 10-day notice was not provided.	Allow CalFresh (CF) EDBC to apply changes for the first month of a new CF certification period even if those changes are made after the 10-day NOA deadline and result in a negative change. When processing a CF SAR 7, CW SAR 7/RE, or RCA SAR 7 in a month after the report was due when benefits have not yet been issued, do not apply negative changes without giving 10-day notice. 25.01	26-Jan	SCR	CA-217069	Medi-Cal/CalHEERS	Medi-Cal/MSP/CMSP	ThuyTien Nguyen	When CalHEERS sent an Unsolicited MAGI Determination of Eligibility Response (DER-U) to CalSAWS for applications, reapplications, or reported changes on the CalHEERS Portal, CalSAWS eHIT inbound processing logic assigned the Determination Type of "Referral" for MAGI case that was never linked to a CalSAWS case in the same county. For the MAGI Case previously linked to a CalSAWS case, CalSAWS eHIT inbound processing logic assigned "Determination Change" as the Determination Type and automatically linked the DER-U to the CalSAWS case.	In addition to the existing field "Open Medi-Cal", on the MAGI Referral Search page, with the options "Yes" to filter at least one Medi-Cal program on the case that has a high-dated Pending, Ineligible, or Active status and "No" for denied/discontinued Medi-Cal programs, a new field "90-Day Cure" is added to allow users to filter Medi-Cal programs that are closed within or beyond the 90-day cure period. CalSAWS updates to save a DER-U with the Determination Type "Referral" when a case has all Medi-Cal programs closed beyond the 90-day cure period. For Medi-Cal programs pending, active, or closed within the 90-day cure period, CalSAWS saves the DER-U with the Determination Type as "Determination Change".
