

Release #	Release Date	Item Type	Item Number	Functional Area	Programs Impacted	Original Behavior	New Behavior	Ticket Number	Additional Information	County Action
25.06.05	5-Jun	Defect	CA-291411	BenefitsCal		Batch job fails.	Batch job executes successfully	PRB0051721		No County Action Needed
25.06.05	5-Jun	Defect	CA-287091	Reports		CalSAWS Scheduled report: RS 50 is erroneously reflecting cases as having Component Type: "Skills Training" when such cases have never had training. Other cases are being counted for "Skills Training" because they have "Other Welfare-to-Work"/"REP-HAU" activity number. "REP-HAU" shouldn't be counted as "Skills Training" and this was never included in the RS 50 report specifications. Reports are also capturing "Transportation" services for some cases that have never had transportation supportive services issued.	Code was updated to include case_id in the join between the base population and transportation data. Prior to code change only pers_id was being used in the join which was pulling all the associated cases for the person. After the code change only the relevant case data is being pulled.	PRB0050835		No County Action Needed
25.06.05	5-Jun	Defect	CA-291229	Task Management		GetNext section appears when selecting PR or RE	GetNext section does not appear when selecting PR or RE	PRB0051642		No County Action Needed
