25.07.25	25-Jul-25	SCR	CA-293072	Online	CalFresh	Currently, the historical data where only the Discovery Date information is available is preventing user from running EDBC due to a hard validation. Before running CalFresh EDBC an Entitled at File Date field entry is needed. The Entitled at File Date field can only be populated on the CalFresh Detail page prior to entering a Discovery Date or No Longer ES Date.	Perform a one-time data change for CF program that is in Pending Status, only have Discovery Date information. Input the Entitled at File Date and File Date information to allow the CalFresh program to be run.			No County Action Needed
