Monthly Expenditure Claiming Instructions

CLAIMS

To facilitate timely automation of the claim import by CalHHS OTSI-SAWS Financial Management Unit (FMU), please ensure the following formatting rules are applied:

1. **Do not modify or change the spreadsheet tabs, add extra tabs or external links.**
2. All values entered into the claim form should be whole numbers (e.g., if the cost is \$1.01 round up to enter \$2.00 on the claim form). **Do not cut and paste data from external sources to enter costs.**

Claims cannot be imported if the formatting varies from the CalHHS OTSI approved claim form included in the CalSAWS Project County Claim Form CIT and may result in delayed reimbursement.

Enter the following information:

County: Select the county name and number from the drop-down list (e.g., El Dorado - 09, Merced - 24, Riverside - 33, San Bernardino - 36, and Stanislaus - 50).

Contact: Enter the name of the county fiscal contact who prepared the claim.

Phone: Enter the county fiscal contact's phone number with area code. The cell will format as ###-###-####.

Month/Year: Enter the date as M/1/YY (e.g., 7/1/25). The date will display as Mon-YY (e.g., Jul-25). Always use the number "1" as the day of the month in the date. Do not enter any text in this field.

Adjusted Checkbox and Version: If the claim is an adjusted claim (not the original claim for the month), check the adjusted box and enter the version number of the adjustment (e.g., 1, 2, etc.). **Do not place a zero or the word original for the first submission of the claim.**

E-mail: Enter the county fiscal contact's e-mail address.

Revised, Adjusted and Late Claiming:

Revised Claim: If a correction is needed on your original claim that is submitted early (prior to the 20th due date), then a revision may be submitted. A revision replaces the original claim and must be submitted by the 20th of that claiming month. The adjustment

box should not be checked and no version number given. Please label your claim and email as a revision.

Adjusted Claim: Adjusted claims are completed on a new form and not on the original claim. They include either adding or deducting an amount from the original claim number or deducting a number from one line and adding it to another line to equal zero for the total. Adjustments will not be accepted if the checkbox and version number is not applied. Please be sure to use the version of the claim form for when that claim was submitted.

Late Claim: A claim submitted after the processing period has closed will be processed on the 20th of the following month. Late claims are the original version and the adjustment box and number should not be checked. Please be sure to use the version of the claim form for when that claim was due.

Adjusted and/or late claims must be submitted within nine (9) months of the end of the calendar quarter in which the costs were paid. For example, an adjustment for August 2025 (calendar quarter ending September 2025) must be submitted by June 2026.

COST ALLOCATION PLAN (CAP)

The **CAP** is the second tab in the claiming workbook and automatically links to the claiming form. **Please do not make changes to the CAP.** All pages of the CAP must be submitted following the signature pages of the claim in PDF format.

All counties must check for rounding errors prior to sending claims to CDSS and CalHHS OTSI-SAWS. If there are rounding errors on the CAP, please contact PMO.Fiscal@CalSAWS.org for assistance prior to submitting the claim to CalHHS OTSI-SAWS.

DUE DATES/SUBMITTAL INSTRUCTIONS

If a CDSS advance was received by the county, the claim for those costs must be submitted by the 20th of the following month to clear the advance. If an advance was received for a given month but the corresponding claim for that month does not clear the advance (e.g., does not include the vendor payment as advanced because of delayed vendor billings), CDSS may modify future advances until the previously advanced funds are fully offset.
