Description	**Purpose** The purpose of this CIT is to notify counties that the lists for CA-290450 Batch EDBC to apply 2026 SSA Cost of Living Adjustments (COLA) have been posted to the CalSAWS Web Portal. **Background** On December 6, 2025, SCR CA-290449 updated the SSA income and Medicare Part B premium records in accordance with [ACWDL 25-22](#), [ACWDL 25-26](#) and [ACIN I-56-25](#). On December 13, 2025, SCR CA-290450 ran Batch EDBC to apply the new COLA values for CAPI, CalFresh, Nutrition Benefit, CalWORKs, Medi-Cal, Foster Care, ARC, Kin-GAP, RCA, LA GA/GR and GA/GR Automated Solution programs for the January 2026 benefit month. **Additional Information** The following six, one-time lists, have been posted to the CalSAWS Web Portal for County follow-up:

1. Cases with Program Closed by Batch
2. Cases with Person Closed by Batch
3. Cases with Read-Only EDBCs by Batch
4. Medi-Cal Cases with FPL $1 under Limit
5. Cases Skipped by Batch
6. SSA COLA Stats by County Report

The lists contain all the standard columns plus any additional columns listed below and are available to counties at the following location:

County Actions
Counties must review the lists and follow the County Action as appropriate:

1. **List Name:** Cases with Programs Closed by Batch
   List Criteria: Cases where this Batch EDBC process closed a program.
   Additional Column(s): Program Type, Program Closure Reason, Deceased only Case.
   Note: the "Deceased only Case" column will be populated with "Y" when all individuals who were eligible prior to the batch EDBC run are closed with the person closure reason as "Deceased", and the Program Closure reason is "No Eligible member".
   County Action: These are likely the result of the household changes or ongoing data collection which was not yet processed through EDBC by the user. Since the purpose of this Batch EDBC process was not to close households, review these cases to verify the closure was accurate.

2. **List name:** Cases with Person Closed by Batch
   List Criteria: Cases with Active programs where this Batch EDBC closed a person.
   Additional Column(s): CIN #, Person Name, DOB, Program Type, Person Closure Reason
   County Action: These are likely the result of household changes or ongoing data collection which was not yet processed through EDBC by the user. Since the purpose of this Batch EDBC process was not to close persons, review these cases to verify the closure was accurate.

3. **List Name:** Cases with Read-Only EDBCs by Batch
   List Criteria: Cases where this Batch EDBC resulted in a Read-Only EDBC with all the Read-Only Reasons.
   Additional Column(s): Program Type, Read-Only Reason
   County Action: Since Batch EDBC could not automatically apply the intended change to these cases, users may process EDBC to apply intended changes, if applicable.

4. **List Name:** Medi-Cal Cases with FPL $1 under limit
   List Criteria: Cases that have a passed Medi-Cal FPL program with a person receiving SSA whose net income is one dollar under the FPL limit.

County Action: These cases could have passed the FPL program in error due to rounding in the 'Back Out' process. Counties can use this list to verify that the income test results are correct and take action, if needed.

5.　**List Name:** Cases Skipped by Batch
List Criteria: Cases skipped in the Batch EDBC run including cases with a skip reason of 'EDBC has not been run since conversion' (a.k.a. Yellow Banner cases).
Additional Column(s): Program Type, Skip Reason
County Action: Since Batch EDBC did not automatically apply the intended change to these cases, users may process EDBC to apply intended changes, if applicable.

6.　**List Name:** 'SSA COLA Stats by County Report'
List Criteria: EDBC Count for each program included in the COLA by County.
Additional Column(s):
- <program> EDBC Counts
- <program> EDBC Processed
- <program> EDBC Skipped (Exception)
- <program> EDBC Read Only
- <program> EDBC Stack Trace (UEID)
- <program> Success %
- Total EDBC Count
- Total EDBC Processed
- Total EDBC Skipped (Exception)
- Total EDBC Read Only
- Total EDBC Stack Trace (UEID)
- Overall Success Rate %
- Total NOAs Generated

Note: The 'Total' and 'Overall Success' fields above will include all programs in the COLA.
