## Description

### Purpose

The purpose of this CIT is to inform counties that the lists associated with **CA-290474 ACIN I-56-25 - Batch EDBC for 2026 CalFresh SSI COLA** have been posted.

### Background

[ACIN I-56-25](#), informed counties that Supplemental Security Income (SSI) and California State Supplementary Payment (SSP) recipients received a Cost-of-Living Adjustment (COLA) effective January 1, 2026, and that, per federal regulations, the new SSI and SSP monthly payment amounts reflecting the COLAs must be acted on for CalFresh purposes no later than the March 2026 benefit allotment for all cases where SSI/SSP payment amount data is readily available.

As part of **CA-290470**, the System generated and sent a file to DHCS containing CalFresh recipients receiving SSI and/or SSP Income on January 6, 2026. After sending the file, DHCS provided a response file that included elements in the initial outbound file, as well as additional SSI and/or SSP Eligible and Paid amounts. With SCR **CA-290473** the system compared the recipient's SSI/SSP Paid and Eligible amounts and updated the Other Program Assistance (OPA) records with the new Eligible amount if it is less than or equal to the Paid amount. This occurred on January 8, 2026.

SCR **CA-290474 (R. 26.01.10)** ran Batch EDBC for CalFresh for the February 2026 benefit month on cases with the updated OPA records.

**Additional Information**

The Batch EDBC excluded cases from the targeted populations based on the following exceptions:

- a) The benefit month is past the latest RE due date for the CF (or CW if applicable) program.
- b) The CF (or CW if applicable) program has a SAR7 Due Month of 01/2026 and the report status is 'Generated', 'Sent', 'Received', or 'Incomplete'.
- c) CF EDBC has already been processed for the benefit month since changes from CA-290473 went to production.
- d) OPA record has been modified or replaced by user since changes from CA-290473 went to production. User will be responsible for running EDBC.
- e) Batch EDBC will not run EDBC for 'Yellow Banner' programs where the high-dated EDBC has a source of 'Conversion'. Counties can check 'Yellow Banner' programs daily with the latest Qlik report.
