CA 282523	Los Angeles County	L.A County's wanted to clarify if the below language on "Release Notes -Previous Design/Problem" has a typo for CA-282523. Our understanding is this SCR was created to add/map pay code for Child Care Payments & Cal-Learn that CalSAWS currently is not adding for aid codes 4R, 4P, 1V, 1R and 01. Clarification is on pg. 3. Shouldn't the highlighted segment say "… did not have a pay code…?	Release Note- Previous Design/Problem updated to "Child Care Payments did not have pay code mapping when CalWORKs aid codes are 4R, 4P, 1V, 1R and 01	Fiscal
CA 282523	Los Angeles County	ACL 23-94, "CalWORKs: Changes to Family Reunification Pursuant to AB 135" authorizes the provision of cash-aid and services or cases which can only receive services. Because these cases would be specific to Family Reunification, we cannot forget about the Cal-Learn population and how it applies to FR. Aid Codes 4P and 4R must be mapped and included in this SCR CA-282523. CalSAWS must be programmed to recognize Aid Codes 4P and 4R and programmed to be recognized by the EBT card so staff can issue FR supportive service payments efficiently and accurately when there is a need to issue an FR supportive service payment.	[CA-282523] Map aid code 4R/4P pay codes for child care and Cal-Learn	Fiscal
CA 282523	Los Angeles County	Please include "Cal-Learn Program" so that it states [CA-282523 Map aid codes 4R/4P for child care and Cal-Learn Program"	[CA-282523] Map aid code 4R/4P pay codes for child care and Cal-Learn	Fiscal
CA 282523	Los Angeles County	Please consider the Cal-Learn Program. Suggestion: Current Design: CalSAWS does not have may codes mapped for Child Care payments and Cal-Learn supportive service payments. Currently, the EBT system does not recognize aid codes 4R/4P when the Cal-Learn GSW attempts to load the monies to the EBT when aid codes 4R/4P are used to process the request correctly. CA 282523	Los Angeles County	Request: Please consider rewording to "Mapping pay codes for cases with a Cal-Learn Program which is Active with aid codes 4R or 4P, to ensure that the EBT system will recognize Family Reunification aid codes 4R and 4P. CA 282523	Los Angeles County	#3: "Update CT2055 Cal-Learn Benefit Types to include aid codes 4R/4P so that Family Reunification supportive service payments can be issued using aid codes 4R or 4P and be recognized by the EBT card	Update CT2055 CalLearn Benefit Types to include aid codes 4R/4P to allow Family Reunification supportive service payments to be issued through EBT. CA-272223	Los Angeles County	I was not able to locate a CAPI OP Recovery Account that has generated a SOC 807 via batch. Can the generation conditions be specified for the existing SOC 807 form via Recovery Account Overpayment Notification batch - PBXXF107?	The SOC 807 was not generated often in 2025 (only 165 cases for all counties and 9 by LA). In its place the NA 1217 will be generated by the batch job once SCR is implemented. The SOC 807 will still be available in the repository; however, it will be generated manually by the worker when a waiver is requested by the client.	Client Correspondence
