- FPL COLA Stats by County Report

Each list contains the standard columns plus any additional columns as listed below.

The lists are available to the counties at the following CalSAWS Web Portal location:

County Actions

Counties should review each list and follow the County Action, as appropriate:

1. **List Name: Closed Program**

Generate a list of cases in which Batch EDBC resulted in the closure of the Medi-Cal program. Counties can use this list to verify that the program's discontinuance is appropriate. If available, display the closure reason (for example: Over Income).

Additional Column(s): Closure Reason, Benefit Month, Deceased only Case.

Note: the "Deceased only Case" column will be populated with "Y" when all individuals who were eligible prior to the batch EDBC run are closed with the person closure reason as "Deceased", and the Program Closure reason is "No Eligible member".

County Action: These are likely the result of household changes or ongoing data collection which was not yet processed through EDBC by the user. Since the purpose of this Batch EDBC process was not to close households, review these cases to verify the closure was accurate.

2. **List Name: Closed Individual**

Generate a list of cases in which Batch EDBC resulted in an individual being discontinued from Medi-Cal but the Medi-Cal program remains open. Counties can use this list to verify that the individual's discontinuance is appropriate. If available, display the closure reason.

Additional Column(s): Individual Name, CIN, Closure Reason, Benefit Month

County Action: These are likely the result of household changes or ongoing data collection which was not yet processed through EDBC by the user. Since the purpose of this Batch EDBC process was not to close individuals, review these cases to verify the closure was accurate.

3. **List Name: Read-Only EDBC**

Generate a list of cases in which Batch EDBC resulted in a Read-Only Medi-Cal EDBC with all the Read-Only Reasons. Counties can use this list to run Medi-Cal EDBC for those cases and take the appropriate action.

Additional Column(s): Read-Only Reason, Benefit Month

County Action: Since Batch EDBC couldn't automatically apply the intended change to these cases, users may process EDBC to apply intended changes if applicable.

4. **List Name: Batch EDBC skipped with a reason**

Generate a list of cases skipped in the Batch EDBC. These cases will be the responsibility of the worker to address.

Additional Column(s): Skip Reason, Benefit Month

County Action: Batch could not process these cases because of the skip reasons listed in the list. Review each case and take appropriate action based on the skip reason.

5. **List Name: Denials and Discontinuance for January – April 2026**

Generate a list of cases for individuals that were denied or discontinued prior to the FPL value updates although may be eligible with the latest updated 2026 FPL values.

Additional Column(s): Individual Name, CIN, Benefit Month

County Action: Review all denials and discontinuances and re-evaluate eligibility based on the 2026 FPL values.

6. **List Name: 'FPL COLA Stats by County Report'**

List Criteria: EDBC Count for each program included in the COLA by County.

Additional Column(s):

- <program> EDBC Counts
