

JPA Board of Directors Meeting

September 11, 2026

CalSAWS

Agenda

1. Call Meeting to Order.
2. Confirmation of Quorum and Agenda Review.
3. Public Comment: Public opportunity to speak on any item NOT on the Agenda. Public comments are limited to no more than three minutes per speaker, except that a speaker using a translator shall be allowed up to six minutes.

Note: The public may also speak on any Item ON the Agenda by waiting until that item is read, then requesting recognition from the Chair to speak.

Action Items

Action Items

4. Approval of Consent Items:

- a. Approval of the Minutes and review of the Action Items from the August 14, 2026, meeting of the JPA Board of Directors.
- b. Approval of Deloitte M&E Change Order 12, which includes SFY shifts on five (5) premise items.
- c. Approval of Gainwell Infrastructure Change Order 12, which includes four (4) County Purchases.
- d. Approval of ClearBest QA Work Order 3, which includes QA services related to Identity Access Management (IAM) replacement.

Informational Items

Introduction to the CalSAWS JPA Board Policy Manual

JPA Board Policy Manual

Need for a new Board Policy Manual

- CalSAWS has evolved from a “start-up” to a mature public agency.
- The governance model needs to reflect this evolution.
- Current “handbook” does not address the present reality and does not provide executive level policies or practices, including how the various bodies within the CalSAWS environment (e.g., Board, PSC, CCB, etc.) relate to, or communicate with, one another.

JPA Board Policy Manual

Highlights of Proposed Board Policy Manual

- Establishes guidelines for how Directors approach their role on the Board.
- Better defines the unique, yet connected, roles of the various committees and workgroups within the CalSAWS environment:
 - How these bodies relate to one another.
 - How they communicate with one another.
- Creates a new Technical Advisory Workgroup.

JPA Board Policy Manual

Current Table of Contents

- I. PURPOSE**
- II. THE CALSAWS JOINT POWERS AUTHORITY (JPA)**
- III. CALSAWS GUIDING PRINCIPLES**
- IV. THE JPA BOARD**
- V. MEMBER REPRESENTATIVES; MEETINGS**
- VI. CALSAWS EXECUTIVE DIRECTOR**
- VII. CALSAWS COMMITTEES AND WORK GROUPS**
- VIII. SCR ESCALATION PROCESS**

JPA Board Policy Manual

Recommended Process

- September Board Meeting: Introduction of proposed Manual and discussion.
- Between September and October Board meetings Directors will submit comments to Legal Counsel, who will collect those comments in a Comments Log, which will be included in October Board packet.
- October Board Meeting: Discussion of comments in Comment Log and receipt of any additional comments.
- November Board Meeting: Presentation of revised Manual based on comments in Comment Log as well as comments received during two prior Board meetings. Further discussion.
- December Board meeting: Presentation of proposed final Manual and vote by Board re adoption.

CER / SCR Process Update

CER / SCR Process Update

Challenges & Mitigations

Volume > Capacity	Transparency	Lacks Executive Level Input
		
Improve Efficiencies through Tools & Tracking	Improve Reports for Clarity	Enhance Process & Prioritization Guidelines
Additional Suggestions / Regular Reviews and Process Tuning		

CER / SCR Process Update

Volume > Capacity

Nearly 2/3 of base application maintenance hours were dedicated to policy changes last year
Current year is trending the same if not higher

Mitigations

CalSAWS | SFY 2025/26 APPLICATION MAINTENANCE ACTUAL HOURS BY CATEGORY

Note: Excludes Premise, Change Orders, and CPOs

- ☐ Explore New AI-DLC Tools and Leverage Application & Architecture Evolution Efforts to Improve Efficiencies
- ☐ Monitor Contractor Productivity for Improvements

CER / SCR Process Update

Transparency

Presentations typically focus only high-priority items
Detailed reports are not easily accessible or easy to understand

Mitigations

Premise + M&E

85 SCRs

~79k hrs.

75 Functional SCRs

10 Training SCRs

Enhance reports to provide more insight on overall effort and progress

Include Major Upcoming Changes list to JPA and PSC Meeting Material

CER / SCR Process Update

Executive Input

County input on priorities is currently addressed at the committee level with no formally structured input from PSC or JPA

Mitigations

- ☑ Update CER form to ensure all details are considered
- ☑ Add PSC confirmation to SCR prioritization
- ☐ Revisit Guiding Principles (See Policy Manual)
- ☐ Review SCR Scorecard with PSC to ensure alignment
- ☐ Leverage bi-annual Strategic Planning Meeting to confirm or update priorities

CER / SCR Process Update

Timeline

NOTE: Timelines will vary due to meeting schedules and SCR level of complexity.

As efficiencies are realized through AI-DLC and other improvements, governance will need to evolve

Introduction to Application and Architecture Evolution

New Scope and Hours

Application/Architecture Evolution

Section 5.1.2.4 – M&E Agreement

Section 5.2.15 – M&E Agreement

Contractor must maintain the current CalSAWS System **while evolving its architecture toward a technically viable steady state:**

- **Migrate the CalSAWS System from its current monolithic architecture to a modular to enable faster development and deployment** and lower cost of ownership
- **Move to a DevOps model** with automated deployments that **improve security, reduce human error**, and enforce infrastructure compliance
- **Evolve batch processing design** for greater efficiency, leveraging **event-streaming best practices**
- **Achieve cost-effective operations** on behalf of the Consortium
- **Develop an approach to validate expected outcomes and improvements** — covering **usability, error reduction, cost savings, and data analytics/reporting**

Goals

Improve the life
of the system

Faster time
to market

Improve performance and
support scalability

Reduce Total Cost
of Ownership

Continuing the CalSAWS Modularization Journey

This is back-end, infrastructure-level work that continues the modularization journey under **Application & Architecture Evolution** scope under the M&E Contract

1 Modularization Breaking the CalSAWS monolith into independent, cloud-native services — sequenced around county pain points incl. Observability & DevOps foundations Delivers: • Improved application life • Reduced Cost of Ownership • Ease of maintenance	2 Cost Efficiency (AI-Assisted Development) Applying AI to design, build, and test the changes to: • Deliver changes faster • Higher quality and consistency Proof of Concept in Progress Delivers: Faster Time to Market Enhanced Quality Improved Consistency	3 Rules Engine Migration Moving eligibility rules onto a modern Java engine to: • Meet Performance SLAs • Improve scalability and resilience of eligibility determinations Migrate 3700 EDBC rules to Java Delivers: Enhanced Performance Improves Scalability
--	---	--

This work sets up the technical foundation for improving county user experience.

What Is AI-DLC?

Artificial Intelligence applied to the software development lifecycle to achieve - better quality, more consistency, and faster delivery.

WHERE WE ARE: A LIVE PROOF OF CONCEPT

What's next:

- Review results
- Implement AI-DLC to full SDLC

Requirements, designs, code, and test results — built both ways, compared directly.

Bringing It Together: Benefits and What's Next

- 1 Modularization**
Faster, more resilient services — sequenced to county priorities
- 2 AI-DLC**
More delivery capacity, with quality and consistency, at a funded and governed cost
- 3 Rules Engine**
Improves performance SLA concern and reduces licensing costs

NEXT STEPS

Keep Talking to Counties

Work with the Technical Advisory Workgroup to validate the sequence and provide regular reports to the PSC/JPA as work proceeds.

Refine as We Learn

Adjust priority and sequencing based on what that ongoing engagement surfaces.

Move as Quickly as Possible

The sooner this executes, the sooner the business impact — for counties and the Consortium — is realized.

Innovation Update

CalSAWS Innovation

Status Update

Analytics Update

Laying the Groundwork for the Analytics Platform

Several **targeted actions taken last year starting Feb 2025** to ensure implementation is set up for success. Broad **county engagement reveals strong support and excitement** for the new Analytics Platform

Phase 1 Execution Timeline - NEW

Target Release 27.03.XX (04/15/2027)

Subject Area – Sprint Status

Highlights Since Last JPA:

- Design for the **Continuing Eligibility** is **100% complete**
- County preview for **Intake** wrapped up successfully
- Design for **Case Characteristics**

Domain	Sprint	Status
Intake	Design/Development/Test	100% Complete
	County Preview	100% Complete
Continuing Eligibility	Design	100% Complete*
	Development	80% Complete
	Test	30% Complete
Case Characteristics	Design	70% Complete

County Engagement: Continuing Eligibility

 **915**

Total responses across **6 regions**

of responses came from Operations Managers

 **30**

Total workgroup sessions conducted

Responses by Region

Region 6 drove more than half of all responses (**494 of 915**).

Top Suggestion Themes

- **Filters / Fields / Indicators** — more filters, drill-downs & clearer labels
- **Business Definition** — clarify how time & aging are calculated
- **Business Rules** — clarify calculation & roll-up logic

Intake Module Preview Feedback from Counties

Live Demonstration

83%

rated the live kickoff demo effective to extremely effective

Support Materials

96%

said the materials provided were sufficient to navigate the dashboards

Ongoing Support Preference

Top request: Office Hours, then Live Demonstrations and Quick Guides.

Little interest in web-based training, and none in email or newsletters.

Support Format Preference

Live Kick-off Demo

UX Quick Guide

Live Office Hours

Power BI Nav. Guide

Suggestions

1. Offer pre-recorded demos so counties can learn on demand
2. Extend the testing period to allow more time for upskilling (aligns with our adjusted approach)
3. Expand the audience, especially for specialty programs

Sample – Program Assignment Summary

At a Glance:

- What is my caseload distribution by office?
- What programs are unassigned and need action?
- What is the average workload per worker?
- Who needs to be engaged in WTW?
- Who can be engaged in CalLearn?
- Filters allow quick analysis
- Detail tabs with more information

Risk 332

Limited County review capacity may impact Analytics Modernization Delivery Schedule

Risk: The Analytics Modernization project timeline requires county users to actively participate, review designs, and complete validation at a cadence of ~10–15 reports per week. If this review capacity is not maintained due to limited availability or delayed feedback cycles, development and release timelines may be impacted.

Mitigation Approach:

- Group reports into logical review batches.
- Perform detailed internal reviews with the Policy & Design, Data Integration, and QA teams.
- Establish a structured review cadence.
- Schedule review sessions in advance.
- Provide clear review timelines and expectations to county workgroup participants.
- Escalate delays early through governance channels if review cycles fall behind schedule.

Analytics Action Items

Action Item	Owners	Timeline	Current Status
Plan analytics demonstration sessions for directors and look into partnering with CWDA.	Rajesh Tahaliyani Sandeep Aji	Fall/Winter	Early winter to coordinate with CWDA to give Demo of what will be delivered with Phase 1, once the OKTA roll out is complete and environment is available for testing.

Truv Status Update

Introduced as a helpful and trusted option for data entry

You can log into your payroll for this job

[Need help?](#) [How it works](#)

- Enters your current income instantly
- Gets your paystubs once you connect
- Can be used for many popular employers

Requires customer consent

Reduces manual entry by pulling information directly from payroll portal

BenefitsCal12

Step 4 - Income

Here's what we got from for Home Depot.

John Doe (36)

Employer's Name	Home Depot
Employer's Address	123 Tool St
City	Sacramento
State	California
Zip Code	95252
Employer's Phone	--
Pay Frequency	Monthly
Amount	\$300.00
Average Hours per Week	--

Automatically sends pay stubs, reducing need for document upload

Payroll

Home Depot

John Doe (36)

Monthly

\$300.00

We got your pay stubs from the verification system. These will be sent to the county:

Release Date: 07/19/2026

26.07 Production Release Update - Truv

Truv Metrics for Applications: July 19,2026 – September 2, 2026

~65% of applicants entered income on their submitted application

~8% of applicants, who entered income information, used Truv to report income

- Applications submitted in BenefitsCal since Truv Go-live: 278,828 (submitted over the same period last year: 246,325)
 - 182,021 applications submitted reported income. 15,308 used Truv and 166,713 entered their income manually.

26.07 Production Release Update - Truv

Issue Identified on 7/29/2026

- Priority release deployed on August 7, 2026 to resolve the issue. Pay stubs submitted **after** August 7, 2026 are being sent to CalSAWS Imaging
- Completed reprocessing of paystubs on August 27, 2026 and provided lists to counties

BenefitsCal / CalSAWS Impact

- 
- Application Truv Income data transferred, but paystubs were not transferred into CalSAWS Imaging for the county workers to review within CalSAWS

BenefitsCal Correction Action

- 
- The file path was incorrect; it did not match the Truv specification (8/7 fix)
 - Developed and deployed a tool to re-request historical paystubs (7/19/2026-8/7/2026). For submitted applications, the paystub were sent to CalSAWS Imaging.

Application Type	Total Paystubs	Re-processed	Error	Remaining
Submitted	6,039	5,792	247	0
In-flight	2,984	2,847	137	0

26.07 Production Release Update - Truv

**Issue Identified
on 8/14/2026**

- Issue occurred in BenefitsCal where Truv income frequency is hard-coded to “Monthly” in certain scenarios related to Payroll information.
- CSPM-85137 deployed to production on 9/3/26 to resolve the hard-coded frequency issue

BenefitsCal / CalSAWS Impact

Customer reviewed data from Truv is being modified upon saving to the application in certain payroll data scenarios to update the pay frequency to “Monthly”, which is sent to CalSAWS.

BenefitsCal Apps with Truv Payroll

Total Records Sent to CalSAWS with Payroll info
13,960

Percentage of Payroll records with “Monthly” frequency
90.5%

BenefitsCal Correction Action and Open Items

- CSPM-85137 was deployed on 9/3/2026 to remove “Monthly” hard-coding logic so that future transactions will be sent with the income frequency that Truv provides

26.07 Production Release Update - Truv

Other Actions:

- Additional updates have been provided to the counties on September 1, 2026, including:
 - Distributed guidance from CDSS regarding interim procedures for use of Truv Income Verifications
 - Issued an Informational alert/One-Pager for county workers regarding reviewing Truv income information in CalSAWS
 - Revised and reissued CIT 0117-26 CA-297470 Truv Income Verification Phase 1 Job Aid to clarify the new Truv data fields in CalSAWS
- Removed the Truv announcement from the BenefitsCal homepage

Release and Policy Update

Release Update

Upcoming Major Release 26.09

TESTING

System Test, QA, and County Validation are in progress

RELEASE COMMUNICATION

Major Upcoming Changes (MUC)

Draft: 07/24/2026
Final: 08/28/2026

Webcast: 09/01/2026

Newsletter and Release Notes: 09/02/2026

DEPLOYMENT

Greenlight: 09/16/2026

Deployment: 09/20/2026

POST RELEASE

Post-Release Daily calls:
09/21/2026 – 09/23/2026

Note: approx. hours per release include Premise + Baseline Hours.

Release Update

Upcoming Major Release 26.09 - Release Highlights

- CA-280419 - Add NA 274I and J to the CalSAWS Overpayment Packets
- CA-296514 & CA-293075 - Workload Management Redesign Phase 2
- CA-298982 - ABAWD Enhancement HR1 Workgroup - Update ABAWD and Work Registration Determinations
- CA-297005 - CalFresh Processing HR1 Workgroup - Automated System Error Reviews (Phase 2)

Refer to Major Upcoming Changes attachment for a detailed list of all SCRs in the release.

Release Update

Additional Upcoming Releases

September & October Priority Releases 45 SCRs ~23k hrs	November Baseline (11/23/2026) 108 SCRs ~54k hrs.	December Priority Releases 24 SCRs ~8k hrs.
9/10/2026: - CalFresh COLA and CalWORKs (CW) IRT Values for 2026-2027 (CA-290478) 9/12/2026: - CalFresh COLA and CalWORKs (CW) IRT Batch EDBC Run for 2026-2027 (CA-290540)	11/23/2026: - CMSP Eligibility Changes (CA-300677) - CalFresh Processing HR1 Work Group - Targeted nudges and navigation improvements (CA-296573) - Create new page to display Skipped Issuances (CA-274867) - Add Threshold Languages for TNB 4 Recertification Packet AND Add Additional Forms to the TNB RE Packet (CA-256864)	12/XX/2026: 2027 CAPI COLA Values (CA-290706) 2027 CAPI COLA Batch EDBC Run (CA-290707) 2027 State Minimum Wage Values (CA-290458) 2027 State Minimum Wage Batch EDBC Run (CA-290456)

Note: approx. hours per release include Premise + Baseline Hours.

Medi-Cal Policy Updates

■ **Medi-Cal H.R. 1**

- DHCS understands the significant impact that H.R. 1 will have on our communities. However, to ensure that federal funds continue to support the entirety of Medi-Cal, we anticipate becoming partially compliant with some components of the H.R. 1 IFR.

■ **26.09 H.R. 1 Training and Resources including**

- ❖ CalSAWS Standalone 26.09 Webcast for WCER and 6 mo REs
- ❖ CalSAWS Quick Guides and OCM material
- ❖ DHCS Support Calls including DHCS policy, CalSAWS and CalHEERS presentations and demos
- ❖ Coordinated OCM Flows

■ **27.06 CA-303824 - H.R.1 Work and Community Engagement Requirements - Phase 4**

- Continuing to define IFR changes with DHCS/CalHEERS/BenefitsCal/CovCA/CWDA

MC HR 1 and VLP Risks

Project Watch Items

Risk 326

- CalSAWS 26.09 and CalHEERS integrated test completed. BenefitsCal 26.11 WCER design completed.
- Risk trending downward

Risk 333

- CalSAWS and CalHEERS integrated test completed.
- Risk closure recommended

Risk 326

Lack of timely policy guidance may impact Medi-Cal H.R. 1 delivery schedule

Risk: If policy guidance, project planning and delivery timelines are not met, then the CalSAWS and BenefitsCal system delivery may be delayed.

Mitigation Approach: Mitigation steps defined for planning and each SDLC Phase.

Risk 333

Inclusion of CMS Verify Lawful Presence (VLP) service update in 26.09 may impact ability to implement Medi-Cal eligibility system changes

Risk: If new VLP version with QNC changes requires additional system updates, then the existing 26.09 policy clarifications, designs, test scenarios, and schedule may be impacted.

Mitigation Approach: Mitigation steps defined for planning and each SDLC Phase.

CalFresh Policy Updates

Key Updates (26.07) 9/10/2026

- **CA-302736** - Renewed ABAWD Waiver for Colusa, Imperial, Kings (New), Merced, Monterey, Plumas, and Tulare and Transition for Alpine
- **CA-290478** - 2026 -2027 CalFresh COLA and Update CalWORKs IRT Levels for 2026-2027

CalFresh and Medi-Cal Policy Updates

Action Items

■ **Adding Self Attestation to Recertification Packets**

- The current Renewal Packets are determined by CDSS, and a Consortium Request for Policy Clarification (CRPC) has been submitted based on the request of the JPA
- The current Medi-Cal Renewal Packets are determined by DHCS, and a request has been submitted based on the request of the JPA

FCED Update

CalSAWS Activity Timeline

 **County Collaboration Sessions:** Planning September meetings with one small, one medium, and one large county to understand transaction-processing challenges.

- Key Implemented Functionality**
- ✓ 18 API Interfaces
 - ✓ Case linking and E-Data
 - ✓ 4 FCED Batches to automate batch processing: Case Transfer, Case Worker, Issuance, EDBC
 - ✓ Task
 - ✓ LA - FCED Automation , No-Touch EDBC and Incidental payment processing
 - ✓ LA - Vendor details transmittal from CARES to CalSAWS

Readiness Criteria Dashboard

Pre-Linked Cases	
Criteria	Status
CARES defect fixes received and re-tested	At Risk
Handling of residual unmatched records determined	In Progress
County instructions documented and shared	Not Started
Go-Live conversion activity timelines and milestones established	In Progress

Change Control & Code Freeze	
Criteria	Status
Lockdown of CRs that are a must have for go-live	At Risk
All functionality discussions closed out with clear exit and interim alternate procedures as needed	At Risk
LA Vendor Extract Functionality Tested and Signed off by the County	At Risk
Prod Sim Testing is complete: findings are logged, dispositioned, and resolved	In Progress

Performance & Operations	
Criteria	Status
Performance Test complete, Must Have findings Resolved, Results shared and agreed between CARES and CalSAWS	In Progress
Communications protocol established for planned and unplanned downtimes between CARES and CalSAWS	In Progress
CalSAWS Implementation Plan Reviewed and Approved	In Progress
CalSAWS Risks and Issues tracking to go-live	In Progress

OCM	
Criteria	Status
Planned demos Complete and resources shared	In Progress
All OCM resources made available for county access	In Progress
County Go Live Readiness Received	In Progress

Business & System Impact

'At Risk-CARES Dependency' Items

County Workload could increase to manually address issues with identified alternate procedures.

Placements and Issuances may be affected by receiving bad or delayed data from CARES

Data Integrity Issues may increase between the two systems if not manually resolved or cases are not linked between the two systems

Pre-link Cases, FCR & Vendor Extract Readiness

Objective: Meeting baseline match rates, closing 7 Functional Change Requests (FCR), and resolving 8 Vendor Extract issues ahead of go-live.

Conversion Pre-link Case Metrics

Impact: Larger backlog of unmatched cases, **data integrity** gaps, and risk to benefits processing if unresolved.

Resolution Plan: CARES fixes ETA 9/4; cases linked by 9/11.

Functional Change Requests (FCR)

7 Must-Have FCRs Pending - spanning document/payee policy, AAP placement automation, and rate/address data, not prioritized for October.

Impact: Manual workarounds at go-live; added reporting to monitor exceptions.

Resolution Plan: Alternate procedures per FCR; target close-out **9/30**.

LA Vendor Extract

LA's process for sending vendor updates to CalSAWS

Issues: 8 Open Defects at CARES - address errors, invalid vendor data, missing production-volume file.

Impact to LA: Delayed payments; manual clean-up required.

Resolution Plan: Address issues resolved, retest **9/4**; regular 2K files begin **9/12**; follow-up with LA **9/3** on invalid vendor data.

Additional County Workload Impacts

Four (4) issues in discussion with CARES and **must be resolved before go-live** - systemically or via alternate procedure.

Sev	Issue	Impact	Resolution Plan
H	Foster Care vs. AAP Child's Name	Incorrect child information on AAP records risks case confusion and data accuracy concerns.	CARES Fix planned. ETA 9/11/2026 (CARESV1-139626).
H	Historical APIs for Converted Cases	Unnecessary review and correction of irrelevant historical data increases county workload .	CARES evaluating effort/timeline for a fix. ETA: TBD.
H	AAP Person ID - Confidentiality Issue	Reusing FC Person ID for AAP at CARES creates confidentiality risk and complicate case tracking through API.	CARES has a story logged (CARESV1-134618). ETA: TBD.
H	Resource Name Mismatch Between Systems	Appears as a new vendor, requiring redundant county review and setup effort.	Resolution approach under discussion with CARES. ETA: 9/11.

Post-Go-Live Support Plan

Operational Change Management High-Level Plan

Office Hours:

- Week 1:** Open for drop in questions during business hours.
- Week 2:** Assess the frequency and duration of office hours
- All teams present
- Functional team will help answer functional related questions
- OCM will be present to help field questions and support as needed

Bug Reporting

- Incidents reported using ServiceNow
- Counties report issues on the hyper care call
- Issues are triaged and reported out.

Escalation and Mitigation Plans are in development with CARES.

Go Live + 2 weeks

Objectives:

- ✓ Support adoption Readiness through final communications and reinforcement of key processes
- ✓ Issue Resolution to support continued business operations
- ✓ Maintain open support channels with the CARES project team for critical defects and issues
- ✓ Conduct Operational Health Checks and Reporting

FCED Risks / Issues

Issue 346

CARES is currently unable to transmit the Vendor Extract File in the Production Simulation environment and blocking LA County's validation of the functionality.

Mitigation Actions:

- CalSAWS will test with mocked data files to simulate processing; will support additional CARES testing once fixed.

Issue 345

Case-link match rates between new CWS-CARES and CalSAWS are below the prior CWS-CMS baseline match rates.

Mitigation Actions:

- CalSAWS continuing iterative testing/defect-remediation with CARES; validating fixes as received.

Issue 344

CARES QA unstable builds prevent the successful completion of QA test cycles.

Mitigation Actions:

- Re-evaluate CalSAWS QA access; CARES to improve build stability and reduce recurring defects.
- Use risk-based testing on high-risk, recently changed areas rather than full regression every build.

Risk 324

Delay in communication may impact CalSAWS participation in the Production Simulation activity prior to go-live

Mitigation Actions:

- Prod Sim county executions began 6/22; Case Links enabled and shared with counties as a testing resource.
- CalSAWS requested county POCs from CARES for collaboration; risk remains open for continued monitoring.

Risk 334

Lack of transmitting foster care vendor information to CalSAWS increases county vendor maintenance

Mitigation Actions: Vendor info communicated via the Placement API in the interim; strategic solution for 57 counties tracked post-v1/post-go-live.

2027 CalSAWS Strategic Planning Meeting Survey Results

2027 CalSAWS Strategic Planning Meeting

Survey Results

Please rank your preference for which city to hold the Strategic Planning Session.

2027 CalSAWS Strategic Planning Meeting

Survey Results

Please rank your preference for which month to hold the Strategic Planning Session.

2027 CalSAWS Strategic Planning Meeting

Feedback

Including a social event would be nice.

For March/April, just be mindful of Spring break weeks where some folks may be unavailable.

Please consider dates at the end of the month to reduce conflict with BoS meetings.

Exciting to see this new chapter and transformation.

I think there should be pre-work done ahead of time so that folks are prepared.

I also believe an unbiased facilitator should be used to manage the process, keep the room focused, and ensure all voices are heard

I also believe the goals should be doable and have built in follow-through to track progress

We need to be strategic on the priority areas. Tangible outcomes resulting from the goals.

Set up activities to help storming and norming of ideas.

Thank you!
